

# Hit your fundraising target with easyfundraising

Here are some handy tips for collecting big donations FAST for your WSJ trip!

## 1. Insure and raise more

Most families need insurance, whether it's car, home or travel, and with insurers happy to pay up to £40 when you switch via easyfundraising, you could see your unit's total soaring in no time. Parents, family and friends can all raise money for you by switching their utilities, taking out a mobile contract or broadband package.

## 2. Make your fundraising everyone's business

Companies make regular purchases of stationery, office equipment and corporate travel. If parents, family or friends run their own business, they could raise lots of money for you. Or why not ask a local business to support you by making their purchases through easyfundraising? It's a sure fire way to boost your total.
