How do they do it?

PTA chair Geoffrey Blyth said, *“We send a link to our easyfundraising page in EVERY email that goes out and we created brochures too.*

“We show the easyfundraising [‘get-started’ video](#) at school events such as the quiz night and take an easyfundraising banner and my computer to parents’ evenings. I also take the banner and computer to the summer fete to show parents how to use the site, then give them a [flyer which we download from the easyfundraising website](#)

“Our PTA works really hard making teas and coffees and baking cakes, but with easyfundraising, what’s great is that it enables every parent to contribute to the school at no cost to them”

"We would definitely recommend easyfundraising. It only takes a minute to sign up and does not cost the user anything.

"As more and more goods and services are purchased online, it's great to be able to receive an 'thank you' back from retailers that ultimately helps our school".
