

FAQs

+ **Our church isn't a registered charity - can we still use easyfundraising?**

Yes - you don't need to be a charity to use easyfundraising

+ **Will it cost us anything?**

No - easyfundraising is completely free to register and use for both your church and your congregation. Shoppers never pay more for their shopping either, prices remain exactly the same.

+ **Who can support us?**

Anyone who wants to help your church raise money can support you via easyfundraising. This can be clergy, volunteers, members of the congregation or friends in the wider community.

+ **How do we tell people about this?**

When you have registered your church, you'll have access to a wealth of free fundraising tools to help you get people on board. This includes social posts, newsletter wording, posters, flyers, presentations and tools to add your link to your A Church Near You page.

+ **How do we get started?**

Visit www.easyfundraising.org.uk/diocese-of-chichester to register. It only takes a couple of minutes and is completely free.

+ **How do we get our donations?**

Providing you have raised over £15, easyfundraising total up all the donations raised by everyone supporting your church every three months and send them to you by bank transfer or cheque. There is no charge for this. If your church hasn't raised over £15 in the previous three months, the amount simply rolls into the next payment instead.

+ **What support will we get?**

When you register you can book a one to one call with a member of the easyfundraising coaching team at a time to suit you. easyfundraising has a support team you can contact by live chat or email and Diocese of Chichester have a dedicated account manager Roisin Lyons who is available to answer any questions you may have. You can email her at this address - roisin@easyfundraising.org.uk

+ **How does easyfundraising make money?**

Like price comparison websites, easyfundraising makes money through affiliate marketing. This means that retailers pay them commission each time a sale is made through their site and they pass at least 50% of this on to your church. The donation rate shown on the website is what's paid to your church when one of your supporters buys something from a retailer.
